

BLACKFIN | Ultra-Pads™

Ultra-Pads are an alternative for Blackfin customers who want customised comfort and a softer pad on the nose. They are extremely flexible, so are easy to insert and remove, they adapt to all Blackfin pad arm clips and are made of thermoplastic TPE (curved/semi-rigid) and silicone.

Standard

Asian Fit

Others

* What is TPE? Thermoplastic elastomers are made of high-quality thermoplastic rubber that is extremely durable and strong. It is elastic and flexible, offering exceptional comfort.

HOW TO FIT ULTRA-PADS
